

# WE MAKE HOUSE CALLS

Success is not only measured in the “big wins” but by what you do every day to optimize your operations. Let us share our expertise to help you improve your recoveries.

## MONTHLY AR CALLS

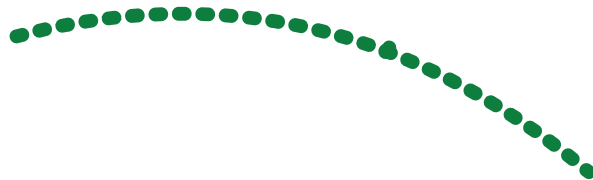

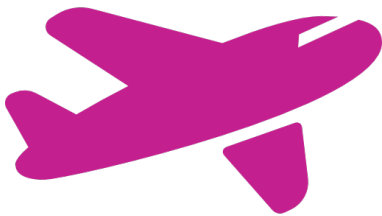

Every month your team gathers for an AR call, problematic accounts are identified, and sent up the chain to management to determine if a legal referral is needed. This process can sometimes take weeks, resulting in missed deadlines and lost recoveries. Why not have a BLG attorney participate in the monthly AR call to maximize efficiency and avoid costly delays? They'll provide live-time feedback and guidance on the options for collection, the cost-benefit of legal action, and cut out some of the work on your end.

## IN-PERSON AR REVIEW

As a virtual firm, we operate largely by email and phone, but we know the value of good old-fashioned face-time. Our management team and attorneys travel regularly; if you want some face-time, let us know and we'll come to you! Our experienced attorneys will sit down with your team to review your receivables, conduct in-person training on Medicaid, guardianships, collections, or other specific issues you are facing, and provide you with practical tips to optimize your recoveries and improve your business.
